

This is to certify that
Vodafone UK Ltd

Vodafone UK Ltd, Vodafone House, The Connection, Newbury, Berkshire RG14 2FN, UK

Has been assessed
by Edward Aspinal for KPMG LLP
against the Cyber Essentials Scheme Test Specification

Level of certification: **Cyber Essentials PLUS**

Scope: Vodafone UK Operations

Certification date: January 29th, 2020

Recommended re-assessment date: **January 28th, 2021**

Certificate no.: 0518597495425094

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
