Our Purpose

Digital Society

Connecting people, places and things through fixed, mobile networks and platforms

Inclusion For All

Working to ensure no one is left behind in a digital society

We connect for a better future

We use technology to improve lives and we enable an inclusive and sustainable digital society.

Planet

Tackling the climate crisis, reducing our carbon emissions, and helping others reduce theirs

Our aims: Digital Society

Gigabit Networks

Connecting over 350m people with secure, high-quality digital services and platforms

IoT Innovation

Enhancing road safety and public transport systems, improving air quality, energy efficiency, safety and security

Digitisation for Small Businesses

Driving industrial competitiveness, supporting agriculture and improving the delivery of essential government services

Our aims: Inclusion for all

She Can

Connected She Can

Connecting 50m additional women ndeveloping markets

Digital Skills

Connecting 10m young people to digital skills and upskilling the next generation

Best Employer for Women

Connecting thousands of skilled women with new opportunities

Financial Services

Platforms like M-PESA and VodaPay in Africa revolutionise financial inclusion and offer growth opportunities to SMEs through e commerce

Our aims: Planet

Circular Economy

Encouraging a more circular economy for the mobile industry

Renewable Electricity

Our European network is now powered by 100% renewable electricity

Reaching 'net zero'

Eliminating carbon emissions from our own activities by 2030 and across our entire carbon footprint by 2040

Tackling e-Waste

Re-using, reselling or recycling 100% of our network waste

Our Social Contract

Our **Social Contract** is how we bring our Purpose to life through what we do.

It is our commitment to society, customers, and governments to connect rural communities, to enable access to education, healthcare, and financial services; and to help businesses.

With these actions we also contribute to the success of United Nations Sustainable Development Goals.
